Finding Methods...

Through the Madness.

Log onto methodsfinder.org and get to laboratory methods — fast! **MethodsFinder** is the only centralized source for methods information, including thousands of full-text protocols. The easy-to-use search engine directs you to the most current protocols from journals, books, researcher Web sites, commercial suppliers, and even meeting presentations.

MethodsFinder is the source for unique, hard-to-find methods information which is reviewed and expertly catalogued by BIOSIS' scientists for scientists. Browse and search by type of method, title, subject, disease, or organism. **MethodsFinder** keeps you pointed to new, better, and more economical ways to conduct research. So you can focus on your work.

FREE ONE-MONTH TRIAL.

Try **MethodsFinder** for a month by ordering one of four ways. Mention code INPROD.
